Ideation Phase
Brainstorm & Idea Prioritization Template

Date	27 October 2026
Team ID	SWUID2026403494
Project Name	Agri-Tech (Smart Farming Management System)
Maximum Marks	4 Marks

Brainstorm & Idea Prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

Step-1: Team Gathering, Collaboration and Select the Problem Statement

Team Members	Full-stack team (frontend, backend, database, testing) working collaboratively through GitHub and online meetings.
Selected Problem Statement	How might we give farmers an accessible, multilingual platform that combines weather forecasts, soil analysis, pest alerts, resource ordering and expert consultation to improve yield and reduce loss?

Step-2: Brainstorm, Idea Listing and Grouping

Farm & Crop Management	Weather & Alerts	Resources & Marketplace	Support & Community
Ideas • Farm profile setup • Crop monitoring dashboard • Soil health analysis reports • Activity logs for each crop	**Ideas** • Real-time weather forecast • Pest alert notifications • Charts and graphical reports • Seasonal crop advisories	**Ideas** • Buy seeds and fertilizers • Order tracking • Admin resource approval • Price comparison of resources	**Ideas** • Expert consultation • Community forums • Multilingual interface • Admin content moderation

Step-3: Idea Prioritization

Ideas are placed by their impact on farmers and the effort required to build them.

	Low Effort	High Effort
High Impact	**Do First** • User registration & JWT role-based login • Farm profile & crop management (CRUD) • Weather forecast & pest alerts • Multilingual, responsive UI	**Plan Next** • Soil health analysis & crop analytics • Resource purchase & order tracking • Expert consultation module
Low Impact	**Add If Time Permits** • Community forums • Interactive charts & graphical reports • Admin dashboard enhancements	**Defer** • Price comparison of resources • Advanced predictive analytics
